Hospital Infection Control
2004 Index

Abstract & Commentary
Catheter-related BSIs, APR:47
Empiric drug use spurs resistance, SEP:113
Hospital water hazard to patients, MAY:65
Influenza resistance to oseltamivir, DEC:157
Legionella control with ionization, JAN:9
Patient isolation may compromise care, MAR:37
Resistant HIV strains may undermine PEP, FEB:25
RSV diagnostic tests, NOV:146

Ambulatory care
Hepatitis transmission going undetected in, AUG:93
Infection control guidance, lack of compliance, AUG:95

Antibiotic resistance
Over-the-counter drug sales spur, NOV:144

Association for Professionals in Infection Control
Outlines ICP role in sentinel event analysis, MAY:6
Requests feds allow handrub dispensers, NOV:145
Says infection rate comparisons must be apple to apple, JUN:72

Bioterrorism Watch *(Supplement)*
Airborne anthrax threat and antibiotic stockpile, SEP/OCT:33
Alert clinicians key to detecting chemical attack, NOV/DEC:41
Alternate care site selection tool, NOV/DEC:44
Assessing human exposures to chemical agents, SEP/OCT:38
Atopic dermatitis and smallpox vaccine, JUL/AUG:31
Biodefense firm pitches virus binder to feds: NOV/DEC:45
Bioterror investment refuels public health, NOV/DEC:44
Bioterror plans may not be followed, NOV/DEC:46
Bioterrorism response leadership guide, SEP/OCT:38
Clinician network for timely communication, SEP/OCT:39
Drill shows communication breakdowns, SEP/OCT:36
Expert says terrorist will eventually go nuclear, JUL/AUG:28-29
Ground-up castor beans put in baby food jars, SEP/OCT:37
Health workers fear nuclear terrorism, MAR/APR:16
Hospitals lack medical equipment, MAR/APR:14
Lab exposures to staphylococcal enterotoxin B, NOV/DEC:47
Nuclear acquisition a real threat, JUL/AUG:30
Polio as a potential bioterror weapon, JUL/AUG:25
Smallpox stocks on death row, JUL/AUG:27
Smallpox vaccine may confer HIV immunity, MAR/APR:14
Strategic National Stockpile plans, SEP/OCT:35
Syndromic surveillance, MAR/APR:9
Syndromic surveillance case definitions, MAR/APR:11

Centers for Disease Control and Prevention
Breaks with SHEA on active surveillance issue, JUL:88
Needlestick workbook published by, MAR:38
New normal is crisis response, APR:44
Performance measures for isolation guidelines, JUL:90
Surveillance recommendations for resistant bugs, AUG:104

Hand hygiene
Fire chiefs back alcohol rubs, JAN:10
JCAHO urges compliance, APR:46

Healthcare Infection Prevention (Special Section)
Antibiotic resistance long-term acute care, JUN:75
Ambulatory care infections, SEP:114
Flu, pneumococcal shots underused in long term care, JUN:74
Tattoos and hepatitis C infection, MAR:34
West Nile virus spreads via dialysis, SEP:115

Hepatitis
Hidden epidemic of in ambulatory care, AUG:93

Interscience Conference on Antimicrobial Agents and Chemotherapy (ICAAC)
Highlights of 2004 meeting, DEC:156

Infection control professionals
ICP supports fit-testing requirement, MAR:36
Take lead on root-cause analysis, JUL:84
Vital link in a small world of emerging infections, JUL:81

Infection rate disclosures
Consumers Union advocates laws requiring, MAY:57
Consumers Union example law, MAY:58
Consumers Union urges public to demand data, APR:43
Pennsylvania battle over foreshadows states to come, APR:41

Influenza
APIC creates immunization toolkit, SEP:113
Antivirals draw renewed interest, DEC:153
CDC assesses avian flu threat in Vietnam, FEB:23
CDC issues antiviral use priorities, DEC:154
CDC Q&A on vaccine shortage, NOV:136
CDC secures flu vaccine to allocate, NOV:138
Child flu deaths may be linked to CA-MRSA, JAN:5
EDs prepare for onslaught, DEC:149

Need back issues? Call our order department at (800) 688-2421; inside Georgia (404) 262-7436.

Fatal infections in children with MRSA, FEB:18
FluMist finds silver lining in shortage, NOV:137
HCW vaccinations a patient safety issue, SEP:109
Hospitals confused about live vaccine, JAN:1
Impact of 2003-2004 season on hospitals, MAY:63
Live vaccine as effective as shots, JAN:3
Live vaccine in health care settings, MAY:53
Live vaccine viral shedding minimal after week, MAY:56
OSHA guidance for workers treating avian flu patients, MAY:64
Strategies to increase worker immunization rates, SEP:112
Vaccine shortage creates scramble, NOV:133

JCAHO Update for Infection Control (Supplement)
Actual questions asked during surveys, AUG:101
Adds standard on infectious patients, AUG:102
Answers to common survey questions, AUG:99
APIC outlines ICP role in sentinel event analysis, MAY:60
ICPs have skills, lack resources, FEB:19
Infection control conference coverage, FEB:21
New 2005 standards rolled out on consultative basis, MAY:59
Patient safety goals warn of sound-alike drugs, NOV:141
Pittsburgh hospital wins patient safety award, NOV:139
Sentinel event scenarios, JUL:87

Joint Commission on Accreditation of Healthcare Organizations
ICPs take lead on root cause analysis, JUL:84
Lobbies for patient safety law, SEP:116
Long-term care facilities get new standards, MAY:61

Journal Reviews
Antibiotic era at risk, SEP:118
Cat causes infection in dialysis patient, FEB:27
Diagnosing catheter-related BSIs, FEB:26
Intradermal flu vaccinations, DEC:159
Mupirocin decolonization for staph fails, JUN:80
Quarantine depressing and anxiety provoking, JUL:91
SARS transmission requires close contact, DEC:159
Toys bring pathogens into hospital, SEP:119
Undiagnosed TB causes hospital outbreak, JUN:79

Lassa fever
Imported case sets off investigations, NOV:145

Measles
U.S. cases hit record low, imported remain, SEP:117

Methicillin-resistant Staphylococcus aureus
Community strain causes hospital outbreak, JAN:11
Fatal infections in children with influenza, FEB:18
USA 300 clone predominant community strain, NOV:143

Occupational Safety and Health Administration
APIC reminds TB was stopped without respirators, MAR:32
ICP supports fit-testing requirement, MAR:36
Medical evaluations for workers wearing respirators, FEB:17
Respirator fit-testing requirement sparks rebellion, MAR:29
Respiratory rule fit-testing basics, FEB:16
Surprise requirement for annual respirator fit-testing, FEB:13

Rabies
Undiagnosed case in transplant patient, AUG:105

Rift Valley fever
May be next emerging infection in U.S., JAN:6

Severe acute respiratory syndrome (SARS)
Air travel and risk of acquisition, APR:49
Look for pneumonia, travel history, FEB:24
Report paints dark picture of U.S. impact, JAN:8

Society for Healthcare Epidemiology of America
Breaks with CDC on active surveillance issue, JUL:88
Says state infection rate disclosure laws inevitable, JUN:69
Third case of VRSA rocks meeting, MAY:67

Surveillance
Active cultures to identify patients urged, JUN:73
CDC recommendations on surveillance of MDROs, AUG;104
Debate on active surveillance cultures, AUG:97

Tuberculosis
APIC reminds outbreaks were stopped without respirators, MAR:32
ICP supports respirator fit-testing, MAR:36
OSHA requirements for respirator fit-testing, FEB:13
OSHA respirator fit-testing requirement sparks rebellion, MAR:29
Respiratory rule fit-testing basics, FEB:16

Vancomycin-resistant **Staphylococcus aureus**
Third case of appears in United States, JUN:77
Third case of rocks SHEA meeting, MAY:67
